

Experiment-3

Loan Application & Pre-Screening Management

Roll no:240701307

Name:Mauneeshwaran.N

Aim:

To design and build a functional **Bank Loan Application Form** in **Zoho Creator** using all thirteen Basic Fields, with suitable validations and a report to manage and pre-screen loan applications.

Procedure:

1. Open **Zoho Creator** and sign in to the account.
2. Create a **new blank application** named **Loan Application & Pre-Screening Management**.
3. Create a form named **Loan_Application_Form**.
4. Add the following Basic Fields to the form:
 - Name
 - Email
 - Address
 - Phone
 - Single Line
 - Multi Line
 - Number

- Date
- Time
- Drop Down
- Radio
- Multi Select
- Checkbox

5. Arrange the fields into four sections:

- **Section A – Personal Details**
- **Section B – Contact Details**
- **Section C – Income & Employment Details**
- **Section D – Loan Details & Consent**

6. Configure the required fields as **mandatory**, including Applicant Name, Phone, Date of Birth, Employment Type, Loan Type, Monthly Income, and Consent Checkbox.

7. Enable email format validation for the Email field.

8. Configure Phone for the Indian country-code format.

9. Set Monthly Income to accept values greater than zero.

10. Configure Date of Birth so that the applicant is at least 18 years old.

11. Make the credit-check consent checkbox compulsory before submission.

12. Save the form and open its **live preview**.

13. Enter sample applicant details and submit the form.

14. Create/open the **Loan_Application_Report** to display submitted applications.
15. Submit at least **three sample records** and verify that they appear in the report.

Take screenshots of the **Form Builder**, **Live Preview**, and **Report View** for the lab record.

The image displays the 'Form Builder' interface for creating a 'Blank Application' form. The interface is divided into three main sections:

- Basic Fields:** A sidebar on the left containing various field types such as Name, Email, Address, Phone, Single Line, Multi Line, Number, Date, Time, and Drop Down.
- Form Builder:** The central area where the form is constructed. It shows a list of fields being added to the form, including Applicant Name, Date Of Birth, PAN Number, Email Address, Contact Number, Residential Address, Loan Type, Employment Type, Monthly Income, and Existing Liabilities.
- Field Properties:** A panel on the right that allows configuration of the selected field. It includes options for Field name, Field link name, Show header for this section, and Field type.

The 'Blank Application' form itself is shown below the builder, featuring input fields for the following fields:

- Applicant Name:** Split into First Name and Last Name.
- Date Of Birth:** A date picker with the format dd-MMM-yyyy.
- PAN Number:** A single-line text input.
- Email Address:** A single-line text input.
- Contact Number:** A field with a country code dropdown (currently +91) and a numeric input (81234 56789).
- Residential Address:** Multiple lines for Address Line 1, Address Line 2, City / District, State / Province, Postal Code, and Country.
- Loan Type:** A dropdown menu with '-Select-' as the current selection.

Result:

The **Bank Loan Application Form** was successfully designed and implemented in **Zoho Creator** using all thirteen Basic Fields with the required validations. The submitted applications were stored and displayed in the **Loan_Application_Report**, enabling the loan officer to review and pre-screen the applications.
